The checkout was quick, the packaging was excellent, and the product arrived a day early.

My refund has been stuck for two weeks and support keeps closing my ticket without a reply.

The app does what I need, but the dashboard feels dated and the export is slow.

Onboarding was smooth and the team answered every question within minutes.

The billing page charged me twice and I still cannot download an invoice.

Great product quality, though shipping took much longer than the estimate.

The replacement part sparked on first use. I need someone to contact me today.

Support replaced my broken item without any argument. Excellent service.

The free plan is useful, but the monthly review limit was reached too quickly.

Clean interface and the sentiment summaries save me a lot of time every week.
